Major professional accomplishment alert! During an exclusive broadcast segment on Good Morning America, my team announced the College Board Opportunity Scholarships, a $25 million commitment to encourage more students to take the steps necessary to get into college. This first-of-its-kind national scholarship program lays out six simple steps that all students can take to get college. Each step will earn a chance for a scholarship; doing all six will earn a chance to win $40,000 for their college education:

1. Build their college list
2. Practice for the SAT
3. Improve their SAT score
4. Strengthen their college list
5. Fill out the FAFSA
6. Apply to college

The six steps highlighted by College Board Opportunity Scholarships help students plan by making a good starter list of schools, prepare so they can take their best shot at getting in, and pay for college by earning scholarships and applying for financial aid. A video explaining the program is available here.

Students can begin today by signing up at https://CB.org/Opportunity.
The following scholarships are listed alphabetically...watch those deadlines (they’re in red for a reason!)

**AmeriCorps Opportunities**

Some Benefits You Feel; Other Benefits are Real. Perhaps the first and biggest benefit people get from volunteering is the satisfaction of incorporating service into their lives and making a difference in their community and country. The intangible benefits alone—such as pride, satisfaction and accomplishment—are worthwhile reasons to serve.

AmeriCorps programs do more than move communities forward; they serve their members by creating jobs and providing pathways to opportunity for young people entering the workforce. AmeriCorps places thousands of young adults into intensive service positions where they learn valuable work skills, earn money for education, and develop an appreciation for citizenship.

To learn more about the AmeriCorps Experience, please go to: [AmeriCorps State and National](http://www.americorps.gov)
